12. More Region Specific Resources:

If you still need to find more resources in different regions:

- 1.) You can choose the LHIN you are interested in, to be directed to only those resources by clicking on <https://www.thehealthline.ca/>
- 2.) If you are not sure which LHIN a certain city is, simply google search the “city” and “healthline”
 - a. For example, my google search would be “Brampton healthline.ca” and the screenshot below will show. “Brampton” would then be considered “central west”
